

EXHIBIT A

THE UNITED STATES DISTRICT COURT
DISTRICT OF MASSACHUSETTS

LISA MENNINGER,

Plaintiff,

v.

PPD DEVELOPMENT, L.P.,

Defendant.

C.A. NO: 1:19-CV-11441-LTS

PLAINTIFF'S RULE 26 INITIAL DISCLOSURES

Pursuant to Rules 26 of the Federal Rules of Civil Procedure and the Local Rules of the United States District Court for the District of Massachusetts, Plaintiff Lisa Menninger ("Plaintiff"), by and through her attorneys, hereby makes the following initial disclosures, subject to revision or supplementation as further information is received and analyzed. Plaintiff reserves the right to supplement or amend these disclosures at any time prior to trial, and to utilize subsequently discovered evidence at trial or in connection with pre-trial proceedings.

- A. The name and, if known, the address and telephone number of each individual likely to have discoverable information that the disclosing party may use to support its claims or defenses, unless solely for impeachment, identifying the subjects of the information.**

Mason Daniel Menninger likely has discoverable information concerning the allegations in Plaintiff's Complaint, including her disability and emotional distress. This disclosure is made without waiving the spousal disqualification and all applicable spousal communications privileges, marital communications privilege or other applicable privilege afforded to spouses; such privileges are expressly reserved. Mr. Menninger may be reached through the undersigned counsel.

Hacene Mekerri likely has discoverable information concerning the allegations in Plaintiff's Complaint, including, without limitation, her working conditions, responsibilities, performance, the disclosure of her disability, and her request for accommodations. Plaintiff is unaware of Mr. Mekerri's address and telephone number.

Chad St. John likely has discoverable information concerning the allegations in Plaintiff's Complaint, including, without limitation, her working conditions, responsibilities, performance, the disclosure of her disability, her request for accommodations, and her complaints of harassment and retaliation. Plaintiff is unaware of Mr. St. John's address and telephone number.

Deborah Ballweg likely has discoverable information concerning the allegations in Plaintiff's Complaint, including, without limitation, her working conditions, responsibilities, performance, the disclosure of her disability, her request for accommodations, and her complaints of harassment and retaliation. Plaintiff is unaware of Ms. Ballweg's address and telephone number.

Christopher Fikry likely has discoverable information concerning the allegations in Plaintiff's Complaint, including, without limitation, her working conditions, responsibilities, performance, the disclosure of her disability, her request for accommodations, and her complaints of harassment and retaliation. Plaintiff is unaware of Mr. Fikry's address and telephone number.

Chris Clendening likely has discoverable information concerning the allegations in Plaintiff's Complaint, including, without limitation, Defendant's practices regarding interviewing and hiring senior level candidates, Mr. Clendening's 2018 merit salary increase and/or bonus, and his job responsibilities. Plaintiff is unaware of Mr. Clendening's address and telephone number.

Marianna Kessimian, MD, who has knowledge or information relevant to the allegations in Plaintiff's Complaint, including without limitation, Plaintiff's disability and request for accommodations. Dr. Kessimian's last known business address is 10 Elmgrove Avenue, Providence, RI 02906.

Michael Everson, MD, who has knowledge or information regarding Plaintiff's disability and attendant medical treatment. Dr. Everson's last known business address is Psychiatry Associates of Kansas City, PA, 8900 State Line Road suite 380, Leawood, KS 66206.

Alicia Burbano, MD, who has knowledge or information regarding Plaintiff's disability and attendant medical treatment. Dr. Burbano's business address is Sandia Psychiatry, 3900 Juan Tabo Blvd NE, Suite 4, Albuquerque, NM 87111.

Plaintiff may also call any witnesses identified in Defendant's initial disclosures.

B. A copy of, or a description by category and location of, all documents, electronically stored information, and tangible things that are in the possession, custody, or control of the party and that the disclosing party may use to support its claims or defenses, unless solely for impeachment.

Plaintiff may use the following categories of non-privileged documents and electronically stored information ("ESI") within her possession, custody or control in support of her claims.

1. Documents concerning Plaintiff's employment with Defendant;
2. Documents concerning Plaintiff's disability and requests for accommodations;
3. Documents concerning Plaintiff's damages.

The documents and ESI described above are currently in the possession of Plaintiff and/or Plaintiff's counsel. Plaintiff expressly reserves her right to supplement and/or modify the foregoing document categories.

- C. A computation of any category of damages claimed by the disclosing party, making available for inspection and copying as under Rule 34 the documents or other evidentiary material, not privileged or protected from disclosure, on which such computation is based, including materials bearing on the nature and extent of injuries suffered.**

Plaintiff seeks the following categories of damages:

- a. Back pay;
 - b. Front pay;
 - c. Emotional distress damages;
 - d. Compensatory and punitive damages;
 - e. Attorneys' fees and costs; and
 - f. Any and all additional relief to which Dr. Menninger may be justly entitled.
- D. Any insurance agreement under which an insurance business may be liable to satisfy all or part of a possible judgment in the action or to indemnify or reimburse for payments made to satisfy the judgment.**

Plaintiff states that she has no such insurance agreements.

Plaintiff reserves the right to supplement these responses pursuant to Fed. R. Civ. P.

26(e).

EXHIBIT C

UNITED STATES DISTRICT COURT
DISTRICT OF MASSACHUSETTS

LISA MENNINGER,

Plaintiff,

v.

PPD DEVELOPMENT, L.P.,

Defendant.

Civil Action No. 1:19-CV-11441-LTS

**PLAINTIFF LISA MENNINGER'S OBJECTIONS AND RESPONSES
TO DEFENDANT'S FIRST SET OF REQUESTS FOR THE PRODUCTION OF
DOCUMENTS**

Pursuant to Fed. R. Civ. P. 26 and 34, Plaintiff Lisa Menninger ("Plaintiff") submits the following objections and responses to Defendant's First Set of Requests for the Production of Documents.

DOCUMENT REQUEST NO: 1:

All documents concerning any written or recorded statement (whether signed or unsigned) made by or on behalf of any person identified in your Initial Disclosures or your responses to Defendant's First Set of Interrogatories to you in this Action.

Objection: Plaintiff objects to this request to the extent that it seeks information protected by the attorney-client privilege, work product doctrine, spousal privilege, psychotherapist-patient privilege and/or any other applicable privilege or legal doctrine protecting such information from disclosure ("Privileged Information"). Plaintiff further objects to this request as vague to the extent it refers to the undefined term "statement."

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for all affidavits, declarations, or similar "statements"

responsive to this request and will produce, with the exception of any Privileged Information, all such affidavits, declarations, or similar “statements.”

DOCUMENT REQUEST NO: 2:

All documents identified in your Initial Disclosures or your responses to Defendant’s First Set of Interrogatories to you in this Action.

Objection: Plaintiff objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information (“ESI”) responsive to this request and will produce, with the exception of any Privileged Information, all such documents or ESI.

DOCUMENT REQUEST NO: 3:

All documents you consulted, reviewed, or relied upon in responding to Defendant’s First Set of Interrogatories to you in this Action.

Objection: Plaintiff objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information (“ESI”) responsive to this request and will produce, with the exception of any Privileged Information, all such documents or ESI.

DOCUMENT REQUEST NO: 4:

Any and all documents concerning the terms and conditions of your employment at any time with the Defendant, including, without limitation, all notes, memoranda, diaries, journals, day calendars, logs, records, email correspondence, and other documents that constitute or concern your or other’s notes, descriptions or thoughts concerning your compensation, work assignments, discipline, relationship to, or conversations with, your superiors, and any other aspects of your employment or the termination of your employment with the Defendant.

Objection: Plaintiff objects to this request to the extent that it seeks all documents and ESI “concerning the terms and conditions of [her] employment,” on the grounds that it is overbroad, and the burden imposed by this request is not proportional to the needs of the case, and,

therefore, it exceeds the scope of discovery permitted under Fed. R. Civ. P. 26. Plaintiff further objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information (“ESI”) responsive to this request and will produce, with the exception of any Privileged Information, all such documents or ESI.

DOCUMENT REQUEST NO: 5:

All documents concerning your work experience prior to working at PPD and your education and training, including but not limited to, any employment applications, diplomas, degrees, certificates, employment agreements, offer letters, your resume as it appeared when you became employed with PPD, and your present resume.

Objection: Plaintiff objects to this request on the grounds that it is overly broad and the burden imposed by this request is not proportional to the needs of the case, and, therefore, it exceeds the scope of discovery permitted under Fed. R. Civ. P. 26. Plaintiff further objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information (“ESI”) describing, evidencing, or constituting her employment application to PPD that led to her hiring; her resume or curriculum vitae as it appeared when she became employed with PPD, and her present resume or curriculum vitae; and will produce, with the exception of any Privileged Information, all such documents or ESI.

DOCUMENT REQUEST NO: 6:

All documents, including but not limited to, handwritten or typed correspondence, and electronic communications such as emails, text messages, instant messages, messages sent through social media services including, but not limited to, Facebook, LinkedIn, Twitter, Instagram, etc., and voicemails, between you and anyone (other than your attorney) related in any way to your claims or Defendant's defenses in the Action.

Objection: Plaintiff objects to this request to the extent that it seeks all documents and ESI "related in any way" to her claims or Defendant's defenses in this action, on the grounds that this request is overly broad and the burden imposed by this request is not proportional to the needs of the case and, therefore, it exceeds the scope of discovery permitted under Fed. R. Civ. P. 26.

Plaintiff further objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information ("ESI") constituting communications between her and anyone else that describe or evidence her claims of discrimination and retaliation in this case; and will produce, with the exception of any Privileged Information, all such documents or ESI.

DOCUMENT REQUEST NO: 7:

All documents evidencing your allegations in the Complaint.

Objection: Plaintiff objects to this request to the extent that it seeks all documents and ESI evidencing her "allegations in the Complaint," on the grounds that this request is overly broad and the burden imposed by this request is not proportional to the needs of the case, particularly to the extent that it seeks discovery concerning matters that are not in dispute, and, therefore, it exceeds the scope of discovery permitted under Fed. R. Civ. P. 26. Plaintiff further objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information ("ESI")

evidencing her claims of discrimination and retaliation in this case; and will produce, with the exception of any Privileged Information, all such documents or ESI.

DOCUMENT REQUEST NO: 8:

All documents evidencing your allegations in the Complaint that PPD's termination decision was related to your alleged disability.

Objection: Plaintiff objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information ("ESI") responsive to this request and will produce, with the exception of any Privileged Information, all such documents or ESI.

DOCUMENT REQUEST NO: 9:

All documents evidencing your allegations in the Complaint that PPD failed to reasonably accommodate your alleged disability.

Objection: Plaintiff objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information ("ESI") responsive to this request and will produce, with the exception of any Privileged Information, all such documents or ESI.

DOCUMENT REQUEST NO: 10:

All documents concerning each item of damage you seek to recover in this matter, and the manner in which you calculated each such alleged item of damage. This Request includes, but is not limited to, all documents concerning your alleged lost wages, your alleged emotional distress damages, your alleged punitive damages, or your alleged attorney's fees, costs, and interest.

Objection: Plaintiff objects to this request on the grounds that this request is overly broad and that the burden imposed by this request is not proportional to the needs of the case, particularly to the extent that it seeks discovery of "all documents," which would include cumulative and duplicative documents and ESI, and to the extent it seeks discovery concerning matters that are

not in dispute. Therefore, this request exceeds the scope of discovery permitted under Fed. R. Civ. P. 26. Plaintiff further objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information (“ESI”) responsive to this request and will produce, with the exception of any Privileged Information, all such documents or ESI upon which she may rely at trial. Further responding, Plaintiff states that she will produce documents concerning her attorney’s fees and costs at the time, and in the manner, directed by the Court.

DOCUMENT REQUEST NO: 11:

All documents concerning any complaint or claim, whether formal or informal, brought by you against any of your employers or former employers or their employees or agents, whether internally or to any local, state or federal agency or in any court.

Objection: Plaintiff objects to this request on the grounds that it seeks irrelevant information, particularly to the extent that it is not limited to a particular time period or subject matter.

Plaintiff further objects to this request on the grounds that this request is overly broad and the burden imposed by this request is not proportional to the needs of the case and, therefore, it exceeds the scope of discovery permitted under Fed. R. Civ. P. 26. Plaintiff further objects to this request to the extent that it seeks Privileged Information.

DOCUMENT REQUEST NO: 12:

All documents concerning any complaint, claim or charge filed by you with any governmental agency, state or federal court, including but not limited to any documents evidencing income from settlements and court judgments.

Objection: Plaintiff objects to this request on the grounds that it seeks irrelevant information, particularly to the extent that it is not limited to a particular time period or subject matter.

Plaintiff further objects to this request on the grounds that this request is overly broad and the

burden imposed by this request is not proportional to the needs of the case and, therefore, it exceeds the scope of discovery permitted under Fed. R. Civ. P. 26. Plaintiff further objects to this request to the extent that it seeks Privileged Information.

DOCUMENT REQUEST NO: 13:

All documents that support the allegation in Paragraph 20 of your Complaint that, after you had disclosed your disability to Hacene Mekerri, he “became cold and distant.”

Objection: Plaintiff objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information (“ESI”) responsive to this request and will produce, with the exception of any Privileged Information, all such documents or ESI.

DOCUMENT REQUEST NO: 14:

All documents that support the allegation in Paragraph 47 of your Complaint that, after you had disclosed your disability, “Mr. Mekerri also cut [you] out from important decision-making that affected [your] business unit.”

Objection: Plaintiff objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information (“ESI”) responsive to this request and will produce, with the exception of any Privileged Information, all such documents or ESI.

DOCUMENT REQUEST NO: 15:

All documents that support the allegation in Paragraph 48 of your Complaint that Mr. Mekerri engaged in “increased unreasonable scrutiny of [your] job performance” after you disclosed your disability.

Objection: Plaintiff objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information (“ESI”)

responsive to this request and will produce, with the exception of any Privileged Information, all such documents or ESI.

DOCUMENT REQUEST NO: 16:

All documents that support the allegation in Paragraph 46 of your Complaint that, following your disclosure of your alleged disability, “similarly situated non-disabled laboratory professionals received [merit] increases of 2.6% or more.”

Objection: Plaintiff objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information (“ESI”) responsive to this request and will produce, with the exception of any Privileged Information, all such documents or ESI.

DOCUMENT REQUEST NO: 17:

All documents concerning your earnings and income, including, without limitation, your complete federal income tax returns, Form W-2s, Form 1099s, and paystubs, for the years 2015 to the present.

Objection: Plaintiff objects to this request on the grounds that it is overbroad, and the burden imposed by this request is not proportional to the needs of the case, and, therefore, it exceeds the scope of discovery permitted under Fed. R. Civ. P. 26. Plaintiff further objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will produce her Form W-2’s and Form 1099’s for the requested period.

DOCUMENT REQUEST NO: 18:

Any and all documents Plaintiff provided to or received from an expert witness whose testimony Plaintiff expects to present at trial, including but not limited to, background material, hypothetical questions, expert opinions, and curriculum vitae.

Objection: Plaintiff objects to this request to the extent that it seeks to impose an obligation outside the scope of Fed. R. Civ. P. 26.

Response: Subject to and without waiving the objection set forth above, Plaintiff responds that as of the date hereof, she has not retained any expert witnesses, but she will make all required disclosures at the time and in the manner provided by the applicable rules and any pertinent Order of the Court.

DOCUMENT REQUEST NO: 19:

Any and all documents on which Plaintiff expects any expert witness in the trial of this matter to rely on in forming his or her opinions.

Objection: Plaintiff objects to this request to the extent that it seeks to impose an obligation outside the scope of Fed. R. Civ. P. 26.

Response: Subject to and without waiving the objection set forth above, Plaintiff responds that as of the date hereof, she has not retained any expert witnesses, but she will make all required disclosures at the time and in the manner provided by the applicable rules and any pertinent Order of the Court.

DOCUMENT REQUEST NO: 20:

Any and all documents, written or tangible item of any type, nature or description, not produced in response to the preceding requests, upon which Plaintiff will rely at trial.

Objection: Plaintiff objects to this request to the extent that it seeks to impose an obligation outside the scope of Fed. R. Civ. P. 26.

Response: Subject to and without waiving the objection set forth above, Plaintiff responds that she has not yet determined what exhibits she will offer at trial and that she will make such disclosure at the time and in the manner provided by the applicable rules and any pertinent Order of the Court.

DOCUMENT REQUEST NO: 21:

Any and all insurance filings, and letters, physician's psychiatrist's, psychologist's, social worker's, or vocational counselor's records and reports, and reports of clinics, hospitals, and counseling agencies revealing all instances of treatment, admission, evaluation, counseling, and consultation for any medical, mental or psychological disorders or conditions suffered by Plaintiff during the period of January 1, 2010 to date. To the extent that such information is not in Plaintiff's possession, Defendant requests that Plaintiff executed and return the attached authorization for release of medical records (Exhibit A, HIPAA Authorization For Release Of Medical Records).

Objection: Plaintiff objects to this request to the extent that it seeks Privileged Information.

Response: Subject to and without waiving the foregoing objections, Plaintiff responds that she will conduct a reasonable search for documents and electronically stored information ("ESI") responsive to this request and will produce, with the exception of any Privileged Information, all such documents or ESI.

Re: Lisa Menninger, MD v. PPD Development, LP
Case 1:19-cv-11441-LTS

Dear Mr. Hannon:

This report, prepared at your request, summarizes the economic and financial losses relating to salary, bonuses and benefits, allegedly suffered by Dr. Lisa Menninger, as a result of the actions of the defendant¹. It is our opinion that she has suffered and will continue to suffer loss of salary, bonus and benefits of \$6,983,000 (rounded, adjusted for net present value and labor force participation)². Table 1 summarizes these losses. Table 2 (attached as Exhibit A) details the annual amounts.

TABLE 1
SUMMARY OF LOST SALARY, BONUS AND BENEFITS

ITEM	AMOUNT
PAST (2018-20)	\$ 736,146
FUTURE (2021-36) npv @ .85%	6,247,306
TOTAL LOSSES	\$ 6,983,453

¹ We understand that Dr. Menninger's termination may have resulted in additional economic losses relating to lost stock options and/or other equity grants (the "Equity Losses"). We have not been asked to render an opinion as to the monetary value of the Equity Losses and, therefore, do not address them in this report.

² This opinion is based on the information available as of the date of the report and assumes the trier of fact finds for the plaintiff. The findings and conclusions are subject to revision and amendment based on availability and evaluation of new or additional information or documentation. All findings and conclusions are made with a reasonable degree of economic certitude.

This report is divided into four (4) sections:

- 1) Background Underlying This Report,
- 2) Components of Economic and Financial Losses Relating to Salary, Bonuses and Benefits,
- 3) Amount of Economic and Financial Losses Relating to Salary, Bonuses and Benefits,
- 4) Alternative Calculation.

This report is based on our review of the relevant documents that were supplied to us, and analyses of the information contained therein. These documents include:

- 1) IRS form W-2 year 2019 Unum Life Insurance Company ("UNUM W-2") (Bates Menninger Supp 000075-000076),
- 2) IRS form 1040 for years 2015 through 2018 (Bates Menninger 000915-001131), year 2019 (Bates Menninger Supp 000077-000163)
- 3) Pay stub for the period ending 10/31/2017 (Bates Menninger Supp 000164),
- 4) IRS form W-2 from PPD for years 2017 and 2018 (Bates Menninger Supp 000165-000170),
- 5) PPD Retirement Services Statements for the period 7/1/2017 through 12/31/2019 (Bates Menninger Supp 000171-230),
- 6) Letter from UNUM dated January 16, 2020 regarding 2019 repayment of long-term disability ("LTD repayment letter"), (Bates Menninger Supp 000231-000232),
- 7) Compensation Statements for years 2016 through 2018 (Bates Menninger Supp 000233-000235),
- 8) Offer of employment letter from PPD dated September 1, 2015 ("Offer Letter") (Bates PPD Menninger 00459-00466),
- 9) 2019 PPD Benefits Brochure (Bates Menninger 000159-000177),
- 10) Complaint in this matter,
- 11) PPD US Employee Handbook updated December 2016, ("employee handbook") (Bates Menninger 000115-157),
- 12) UNUM Long Term Disability Plan (Bates Menninger 000192-229),
- 13) Social Security Administration letter dated February 18, 2019 ("SSA letter") (Bates Menninger 000864-865),
- 14) Selected publications containing economic data and literature as indicated below.

1. BACKGROUND UNDERLYING THIS REPORT

I am a C.P.A. and forensic accountant with over 30 years of experience in litigation support, including the calculation of damages for economic losses. I am a founding principal of Jonas & Welsch, P.C., where I have served as an expert witness in numerous litigation matters since 1991.

We have confined our study in this case to the information and data believed relevant to this matter. We have relied on education and training in the fields of accounting and economics, together with experience in the field of damage

calculations. The methodology applied to this matter is consistent with the principles and methods commonly relied upon by experts in calculating the value of lost salary, bonuses and benefits.

You have asked us to assume that Dr. Menninger is unable to work, as reflected by her approval for social security disability³, and will remain disabled and unable to return to the workforce for the remainder of her worklife.

Dr. Menninger, born on August 27, 1968, was 49 years old when she was allegedly forced to take medical leave from work due to the actions of the defendant on June 3, 2018. We have computed her life expectancy to age 84.1⁴.

2. COMPONENTS OF ECONOMIC AND FINANCIAL LOSSES RELATING TO SALARY, BONUSES, AND BENEFITS

The financial losses, which we have included in our estimate relating to salary, bonuses, and benefits suffered by Dr. Menninger include:

A. Pre-Injury/Expected Salary -This assumes that she would have been employed as the Executive Director of Global Central Labs with PPD, or a similar position, until her expected retirement. We have computed her expected 2018 expected base wages to be \$269,321⁵. We have computed her expected 2018 bonus to be \$46,576⁶. For the period 2019 forward, we have computed the amount of her annual wage increases to be 2.70%⁷. We have computed the amount of her annual bonus to be 20.0% of her salary⁸. An allowance has been made for labor force participation, to account for periods of voluntary and involuntary unemployment⁹.

³ SSA letter.

⁴ U.S. Life Tables, National Vital Statistics Reports, 2008, United States Life Tables, U.S. Department of Health and Human Services, Vol.66 , Number 3, April 11 2017.

⁵ Calculated using data contained in Compensation Statements, 3 months of salary at the 2017 base salary rate of \$265,537 and 9 months at the 2018 base salary rate of \$270,582.

⁶ Calculated using data contained in Compensation Statements, 3 months of bonus at the 2017 bonus rate of \$53,273 and 9 months at the 2018 bonus rate of \$44,343.

⁷ Calculated as the average of base salary raises as reported in Compensation Statements for years 2016-2018.

⁸ Calculated as the average of bonus as a percentage of base salary as reported in Compensation Statements for years 2016-18.

⁹ The Labor Force Participation Adjustment (LFPA) amount reduces the gross income. The LFPA is computed by adding the long-term education specific cohort unemployment rate (involuntary) and the national "job leaver" unemployment rate (voluntary). This amount is adjusted for the state-specific Unemployment Compensation amount based on the expected weeks of unemployment.

B. Expected Retirement Age – We have estimated her expected retirement age to be 67.41 years. The retirement age is based on information on future worklife. This information may include available economic literature¹⁰ and/or specific information regarding intended retirement date. The expected worklife does not measure the total expected years of work that may include part-time work before and/or after expected retirement. Table 2 states the annual amounts of her losses up to her expected retirement age.¹¹ However, it is important to note that, if the trier of fact were to find that at any point prior to her expected retirement age, Dr. Menninger would be able to return to the workforce, she could still have substantial losses between the date of her return to the workforce and her expected retirement date. This could occur if her compensation at the point of her return is less than what she would have earned had her employment at PPD continued.

C. Expected Benefits – We have calculated the value of the employer's contributions to social security based on the social security maximum taxable wages. We have also calculated the value of the health benefits provided to her by her employer. These benefits are computed on an employer cost basis¹². These items do not include any benefits payments or employee contributions. In addition, we have valued the lost employer matching contribution to her 401k Plan¹³.

¹⁰ Expected retirement date is based on the mean worklife expectancy data from Kurt V. Krueger, Gary R. Skoog, and James E. Ciecka, (KSC) "The Markov Process Model of Labor Force Activity: Extended Tables of Central Tendency, Shape, Percentile Points, and Bootstrap Standard Errors," Journal of Forensic Economics 22(1), 2011, pp. 165-229. The expected worklife is an estimate of the mean number of years, added to the current age, that the average person in the age-gender-education group can be expected to continue to participate continuously in the labor force. Worklife expectancy is based on current age, labor force status, gender and educational attainment. The expected worklife does not measure the total expected years of work that may include part-time work before and/or after expected retirement. Also, it does not include any time spent in non-market work, such as child rearing and family assistance. Finally, since this estimate does not measure voluntary or involuntary temporary separation from the labor force, we have adjusted for this separation elsewhere in our analysis.

¹¹ As noted above, my calculations assume that Dr. Menninger will remain unable to work for the duration of her estimated worklife. If Dr. Menninger were able to return to work in some fashion, at some point, the earnings from that work would be considered mitigation and could reduce the damages.

¹² Employer Costs for health care are valued using BLS Expectancy Data, Professional & Technical, Table 66 and 2,080 full-time hours per year. Future growth rates are based on the compound annual growth rate for specific fringe benefits as reported in Expectancy Data, Employer Paid Benefits, Professional & Technical, 2004 through 2018. Data based on BLS Survey of Employers Costs for Employee Compensation 2019.

¹³ According to the employee handbook page 35 (Bates Menninger 000149) PPD matches 50 cents to every dollar an employee contributes to the Plan up to the first 6% of the employee's contributions. At the time of her termination, Dr. Menninger was contributing 6% to the plan. The company match is, therefore, 3%.

D. Post-Injury/Mitigation Salary and Benefits – We have included Dr. Menninger’s actual income for the year 2018¹⁴.

E. Interest and Discount Rate – We have not calculated interest on past losses, as it is our understanding that the Court will calculate pre-judgment interest. We have discounted all future values at 0.85% to reflect the combined effects of expected rate of return on conservatively invested assets and the risk that the cash flows may not be as expected¹⁵.

3. AMOUNT OF ECONOMIC AND FINANCIAL LOSSES RELATING TO SALARY, BONUSES, AND BENEFITS

Based on the compensation components identified above, we have calculated Dr. Menninger’s lost past salary, bonus and benefits as of year-end 2020 to be \$736,000 (rounded, adjusted for labor force participation). We have calculated her lost future salary, bonus and benefits to be \$6,247,000 (rounded, adjusted for labor force participation and net present value). Her total lost salary, bonus and benefits are \$6,983,000 (rounded, adjusted for labor force participation and net present value).

4. ALTERNATIVE CALCULATION

You have indicated that, under the applicable standards for Dr. Menninger’s claims, the finder of fact on damages may have discretion to consider social security disability (SSDI), and long-term disability (LTD) benefits as mitigation. Accordingly, we have provided an alternative table calculating Dr. Menninger’s losses in the event the finder of fact finds that these items (SSDI, LTD) should be deducted from her losses.

We have included Dr. Menninger’s actual income for the years 2018 and 2019¹⁶. This includes 2018 wages prior to her termination as well as long-term disability,

¹⁴ 2018 wages as reported on Dr. Menninger form W-2. (Bates Menninger Supp 000169).

¹⁵ Based on a blended time portfolio that includes the current rates for the time appropriate U.S. Treasury securities. The time horizon is based upon the future period included in the calculation. Information obtained from U.S. Treasury Yield Curve Releases as retrieved @ www.ustreas.gov. Blending is based on the assumption that funds will be used for income replacement and/or future costs.

¹⁶ 2018 wages as reported on Dr. Menninger form W-2, (Bates Menninger Supp 000169), 2019 social security disability as reported on IRS form 1040 (Bates Menninger Supp 000087) and 2019 long term disability as reported on UNUM W-2 of \$69,630 less amount repaid of \$13,351 as stated in LTD repayment letter for a net of \$56,279.

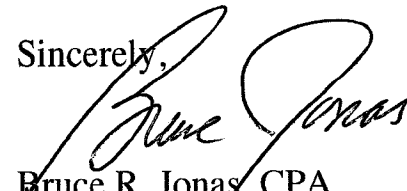

and social security disability. In addition, we have included future social security disability payments through her full retirement age 67¹⁷. All other assumptions and calculations outlined above remain the same. Table 3 summarizes these losses. Table 4 (attached as Exhibit B) details the annual amounts.

I have attached a copy of my CV, which lists my qualifications, to this report as Exhibit C¹⁸. A statement of the compensation to be paid for the study and testimony in the case is attached hereto as Exhibit D.

Sincerely,

Bruce R. Jonas, CPA
Jonas & Welsch, P.C.

We have included LTD payments for year 2019 only as, per UNUM Long Term Disability Plan, page 17 (Bates Menninger 000210) disabilities due to mental illness have a limited pay period up to 12 months.

¹⁷ Future social security disability amounts were calculated by applying the compound annual growth rate of social security cost of living adjustments over the last 19 years. Social security disability was included in our analysis for year 2019 through age 67 in August 2035, as it is our understanding that the social security disability payments convert to social security payments when she reaches her full retirement age.

¹⁸ I have not authored any publications in the last 10 years, and have not testified in any trial or deposition within the last four years.

Expert Rebuttal Report of William B. Scally

I. Introduction and Assignment

1. I have been retained by counsel for PPD Development, L.P (“PPD” or “Defendant”), in this matter brought by Dr. Lisa Menninger (“Dr. Menninger” or “Plaintiff”), to evaluate economic damages claimed by Dr. Menninger, if any, as a result of Plaintiff’s allegation of Defendant’s discrimination and retaliation against Dr. Menninger, ultimately leading to Plaintiff’s claim of lost compensation and benefits.¹ I have also been retained to respond to the October 22, 2020 Expert Report (the “Jonas Report”) of Plaintiff’s damages expert, Bruce R. Jonas, C.P.A. (“Mr. Jonas”). I also expect to respond to any opinions and/or testimony that Mr. Jonas may provide at deposition or trial.

2. I am a Partner in the Business Valuation and Litigation Support practice of Marcum LLP (“Marcum”) in Boston, Massachusetts. I am the national firm leader for Marcum’s Litigation Advisory practice. I earned a Bachelor of Science in Control Systems Engineering from the United States Naval Academy as well as a Master in Business Administration from Boston College. I am a Chartered Financial Analyst (“CFA”) charter holder and have over 19 years of professional experience. Over my career, I have provided expert opinions on numerous matters involving breach of contract, tort claims, theft of proprietary information and intellectual property disputes, and the analysis of resulting damages including, but not limited to, valuing business damages. I have served as an expert witness in over 30 matters, testifying at depositions and/or at trial in approximately 13 matters in state and federal courts, as well as private arbitration. My curriculum vitae, including a list of my prior testimony experience, is attached as **Exhibit 1**.

3. This report, and the opinions and conclusions described herein, are based on documents produced in this action, various exhibits, publicly available information, information obtained from PPD management, as well as my personal education and business experience. The materials I considered in preparing this report are identified in this report and/or **Exhibit 2** attached hereto. My work was limited to the specific procedures and analyses described herein and was based only on the information made available through the

¹ Complaint and Demand for Jury Trial, filed June 28, 2019 (“Complaint”).

date of this report. Accordingly, changes in circumstances after this date could affect the findings outlined in this report. Should additional information become available, I may request to supplement the opinions I express in this report, if permitted.

4. My analysis and opinions rest on the assumption that issues of liability will be resolved in favor of the Plaintiff. While this assumption is necessary as a basis for my analysis, it does not imply that I have been retained to provide opinions as to liability.

5. My services were performed and this report was developed in accordance with an engagement letter dated November 20, 2020, and are subject to the terms and conditions included therein. My services were performed in accordance with the Standards for Forensic Services established by the AICPA. Accordingly, I provide no attestation on financial statements, as I did not audit any information provided to me. This information has been prepared solely in connection with the above-captioned matter. Its use is limited to the court proceedings in the above-captioned matter and is not intended for reliance in any other context. Any disclosure, whether oral, written or otherwise, of the contents of this report to parties outside of this matter shall not be provided without the express written consent of Marcum.

6. Marcum is compensated for the time spent by its professional staff on this matter at the applicable hourly billing rates, which range from \$90 to \$625 per hour; my hourly rate is \$625 per hour. Neither Marcum nor I have any financial interest in the outcome of this dispute, and my compensation is in no way dependent on the substance of my opinion.

II. Summary of Conclusions

7. In my opinion, Mr. Jonas's methodology for determining damages in this matter is flawed and based on unsupported or inaccurate assumptions, resulting in an overstated calculation of damages.

8. The Jonas Report contained several unsupported or inaccurate assumptions, including:

- i. An overstated work life expectancy for Dr. Menninger;
- ii. Incorrect discount rate assumptions; and
- iii. Failure to appropriately consider Plaintiff's ability to mitigate, and thus offset alleged future damages (i.e. front pay).

9. Assuming liability is established, I calculated damages independently of the Jonas Report. My analysis is based on the following assumptions:

- i. Dr. Menninger is capable of returning to a productive career in clinical pathology. In his December 21, 2020 report (the "Kelly Report"), Martin J. Kelly, M.D., Associate Professor of Psychiatry at the Harvard Medical School, states his professional opinion that Dr. Menninger can return to a productive life "if she were motivated to do so."² Therefore, any damage experienced by Dr. Menninger due to alleged lost wages and benefits would end in December 2020, under the assumption that she maintains the independent capability to return to the workforce and productively mitigate any future damages accruing subsequent to December 21, 2020.
- ii. The undiscounted value of expected lost historical wages, bonuses and benefits from the date Dr. Menninger commenced medical leave from work on June 3, 2018 through approximately December 21, 2020 is the correct value of damages.

²Expert report of Martin J. Kelly, M.D. dated December 21, 2020, page 6, as provided by Counsel.

**Lisa Menninger v. PPD Development, L.P.
Expert Rebuttal Report of William B. Scally
January 15, 2021**

Based on these assumptions, to a reasonable degree of certainty, the value of damages as of December 2020 is approximately \$641,000, as demonstrated within Exhibit 9 of this report.

III. Case Background

A) Dr. Menninger Employment³

10. Dr. Menninger was hired by PPD in July of 2015 as the Executive Director of its laboratories in Highland Heights, KY, US; Zaventem, Belgium; Shanghai, China and Singapore.

11. Mr. Mekerri, Dr. Menninger's superior informed Dr. Menninger that he was considering making changes to her role in order to make it more "visible." Such visibility would involve more public exposure and travel to support the goals of PPD.

12. Dr. Menninger informed Mr. Mekerri by email in January 2018 that she suffered from certain psychological disabilities that limit her ability to participate in large group settings.

13. Dr. Menninger asked for accommodations for her disabilities under the Americans with Disabilities Act ("ADA").

14. The Company attempted to accommodate Dr. Menninger's needs, including allowing her to work remotely, but her needs could not be fully accommodated based on the nature of her work.

B) Summary of Dispute

15. On July 28, 2018, Dr. Menninger filed her complaint in this matter, alleging an intentional violation of the ADA, seeking damages.

IV. Discussion of Various Aspects of the Jonas Report

16. Mr. Jonas assumes an overly precise work life expectancy of 67.41 years for Dr. Menninger. The Jonas Report work life expectancy estimate was derived from tables developed by Krueger, Skoog and Cieka (KSC).⁴ The KSC tables are highly generalized across the entire population of the U.S. While they do take into account the education of the individual under consideration, they do not take into account specific professions. By comparison, physician specific data indicates relatively shorter work life durations than experienced by the general population. A 2017 study published in the Annals of Family Medicine, which surveyed nearly 80,000 physicians, indicates that the median retirement age of physicians is 65 years. This study also reports that some physicians continue later in their careers in administrative and educational roles, and the median age of retirement from “any professional activity” is 66 years across all physician specialties. Data also suggests that women retire one year earlier than men.⁵ Based on this information, Dr. Menninger’s expected retirement age is most likely the age of 65, resulting in a remaining expected work life of approximately 15 years (as compared to the 18 year period used in the Jonas Report)..

17. The rate of wage and benefit growth used by Mr. Jonas, 2.7%, appears consistent with available data. The observed CAGR of Dr. Menninger’s base salary growth from \$260,075 at 11/1/2016 to \$270,582 at 04/01/2018 is approximately 2.8%.⁶

18. Mr. Jonas used a slightly overstated bonus to base salary ratio of 20%. While Dr. Menninger’s target bonus rate was stated to be 20% of her base salary in her employment agreement, in fact, in 2018 her bonus was only 16.4%.⁷ Dr. Menninger’s average bonus as a percent of her base salary in 2017 and 2018 was approximately 18.2%.⁸

**Lisa Menninger v. PPD Development, L.P.
Expert Rebuttal Report of William B. Scally
January 15, 2021**

19. Mr. Jonas's discount rate selection of 0.85% based on Treasury securities for the entirety of his analysis is not supported by the current Treasury rate yield curve. Mr. Jonas selected a single risk free rate of return (0.85%) to use for the entire period of his analysis (sixteen years). He describes this rate in his report at Page 5, footnote 15 as a "blended time portfolio." This leads to an analytical mismatch of maturity risk to the underlying benefit stream, which in turn leads to errors in the discounting process.

20. I have replicated the Jonas Report calculations of damages, as set forth within Jonas Report Exhibits A and B to determine accuracy, and to develop an understanding of the mathematics of discounting used. The replicated calculations can be seen at Exhibits 3 and 6 of this report, respectively.

21. As discussed above, although the formula for present-valuing future expected cash flows appears correct, the Jonas Report use of a single discount rate of 0.85% over his selected sixteen year period is not supported. The selected risk free rate of return should have a maturity horizon that matches the time horizon of the estimated benefit stream selected by the analyst. Aswath Damodaran, the Kerschner Family Chair in Finance Education and Professor of Finance at New York University Stern School of Business, comments on the risk free rate of return as follows: "Time horizon matters: Thus, the risk free rates in valuation will depend upon when the cash flow is expected to occur and will vary across time."⁹

22. In Exhibits 4 and 7 of this report, I recomputed Mr. Jonas's estimate of damages as set forth in his Exhibits A and B (corresponding to Exhibits 3 and 6 of this report) using corrected discount rates based on the Treasury rates prevailing on December 31, 2020.

- i. Treasury securities are quoted on a trading day basis based on maturities ranging from one month to thirty years. On December 31, 2020, one year T-bills were trading at 0.10% and twenty year Treasury notes were trading at 1.45%.¹⁰
- ii. Using a process of interpolation of maturity risk I determined an appropriate risk free rate of return to apply in each of the sixteen years used in Mr. Jonas's chosen

⁹ <http://people.stern.nyu.edu/adamodar/pdfiles/eqnotes/dcf rates.pdf>

¹⁰ See Exhibit 10.

benefit stream. The actual and interpolated rates can be seen at Exhibit 10. The following table sets forth the minor differences that result from Mr. Jonas's choice to use a single rate of return in the Jonas Report.

Table 1: Impact of Discount Rate on Damages

Jonas		Marcum		Difference
\$6,983,454	<i>Exhibit 3</i>	\$6,960,108	<i>Exhibit 4</i>	\$23,346
\$6,378,896	<i>Exhibit 6</i>	\$6,356,463	<i>Exhibit 7</i>	\$22,433

V. Calculation of Damages

23. I calculated the value of damages as follows:

1. I determined from PPD documents that Dr. Menninger's base salary was \$270,582 on April 1, 2018¹¹.
2. I determined the appropriate rate of growth of her salary to be 2.8% based on the compounded average rate of growth in Dr. Menninger's salary from 11/01/16 through 04/01/18.¹²
3. Estimated salaries would range from a low of \$270,582 in 2018 to \$286,175 in 2020.¹³
4. Expected future bonuses were computed to be 18.2% of base salary, ranging from a low of \$49,314 in 2018 to a high of \$52,156 in 2020.¹⁴
5. I utilized the expected benefit percentage of approximately 7.4% of salary and bonus estimated by Mr. Jonas, as I believe the underlying economic data supports the assumption. Expected benefits range from a low of \$23,672 in 2018 to a high of \$25,036 in 2020.
6. Total expected salaries, bonuses and benefits range from a low of \$343,568 in 2018 to a high of \$363,368 in 2020.¹⁵

7. I applied known factors of mitigation to those amounts, also based on the calculations of Mr. Jonas, which on examination I found to be accurate. The amounts of mitigation subtracted in determining net damage by period were \$304,177 in 2018, \$85,573 in 2019, and \$29,945 in 2020. The factors of mitigation relate to Social Security Disability Income payments and long-term disability payments received by Dr. Menninger over the period of loss.¹⁶
8. Thus, I have concluded total damages on a fully mitigated basis in 2018 of \$39,391, in 2019 of \$267,756, and in 2020 of \$333,423, for a total of \$640,570.¹⁷ All of the above calculations can be seen at Exhibit 9 of this report.

* * * * *

I reserve the right to request to respond to any other arguments on damages that Dr. Menninger identifies as well as any amendments or supplements to Mr. Jonas's Report.
